#### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

#### Status

## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The rejection of claims 33-34 under 35 U.S.C. 112, second paragraph, is withdrawn in view of Applicant's amendments.

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 35-36 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The disclosure as originally filed fails to provide written description or support for the newly added limitation directed to first and second seed layers having different Cr contents. The specification does not appear to describe the general concept of different Cr contents in the first and second seed layers. It is suggested that Applicant either delete these claims or provide specific references to where the original disclosure provides support for this newly added concept.

***Claim Rejections - 35 USC § 102***

4. The rejection of claim 15 under 35 U.S.C. 102(e) as being anticipated by Tomiyasu et al. (US 2002/0119350) is withdrawn in view of Applicant's amendment.

***Claim Rejections - 35 USC § 103***

5. The rejection of claims 30 and 33-34 under 35 U.S.C. 103(a) as being unpatentable over Tomiyasu et al. (US 2002/0119350) is withdrawn in view of Applicant's amendments.

***Allowable Subject Matter***

6. Claims 14-16, 19, 30-34, and 37-38 are allowable over the closest prior art to Bian et al. and Tomiyasu et al. Neither reference teaches the claimed combination of layers having a TiAl layer beneath a Cr alloy layer containing Ti, Mo, or W as set forth in claims 14, 16, and 19. Bian et al. teach the use of a TiAl but in combination with an overlying RuAl layer. Tomiyasu et al. teach a CrTi seed layer but fail to teach or suggest the use of an underlying TiAl layer.

With respect to claim 15 and claims dependent thereon, Tomiyasu et al. fail to teach or suggest the claimed structure having a second seedlayer formed from Cr or a Cr alloy containing at least one of Mo and W.

With respect to claims 19 and 37-38, the closest prior art to Tomiyasu et al. fails to teach or suggest the claimed thickness for the second seedlayer.

***Response to Arguments***

7. Applicant's arguments filed 7/5/05 have been fully considered but they moot in view of the new grounds of rejection of claims 35-36 as set forth above.

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Holly Rickman whose telephone number is (571) 272-1514. The examiner can normally be reached on Monday-Friday 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carol Chaney can be reached on (571) 272-1284. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
